The *QB* Papers

Full Catalogue

CROMWELL PLACE
4 Cromwell Place, South Kensington, SW7 2JE

10-28th April 2024

In recent years I have found myself working increasingly in sequences of drawings which explore subjects and techniques which interest me.

These sequences are the origins of *The QB Papers*: twenty sets of pictures which vary in approach and tone, and between reality and fantasy. This exhibition comprises original drawings from five of the twenty.

FEET IN THE WATER

My interest in this came originally from doing it myself, whether in Hastings or on the Atlantic Coast of France. But I also like drawing the surroundings and the reflections in the water. The drawings are quite naturalistic - I think we all want to have the pleasure of seeing the reflections in the water and share in the experience.

THE ALTERNATIVE SPORTS OLYMPICS

I've never been any good at sport. I just liked the idea of adapting Olympic events to everyday life – so if you're throwing something, it's the luggage.

SCENES AT TWILIGHT

This is a collection of colourful, atmospheric drawings in ink and watercolour of people and animals at dusk. I originally exhibited these artworks together with the Moonlight Travellers series, in Hastings in 2018.

CHANCE ENCOUNTERS

I enjoy drawing mountains and rocky landscapes, especially with people riding through them on eccentric vehicles; and so of course it's natural that some of them should meet, not always at the most convenient place or moment.

WILDLIFE ARTISTS OF THE YEAR

The title was suggested by the Wildlife Photographer of the Year competition. I have many, often quite serious, pictures of people drawing animals or (more often) birds. In this series they are just simply adapted to provide a handful of visual jokes. I hope they're amusing.
